### HOW TO ACCESS THE BASILICA WITHOUT QUEUING

You may be required to prove your identification to verify the correspondence of the data on the voucher. If the findings do not match or the voucher has already been used, the operator will not allow the entry of the person/s.
- The time of entry indicated on the voucher must be respected. Those who do not show up in time will lose the right to the skip the line access.
- If necessary, visitors may contact **VENETOINSIDE INFO POINT** at **St. Clemente's Door**, located on the right of the main door of the Basilica (see picture above), which is available **from Tuesday to Saturday starting at 9:45am until 4:30pm**.
- The reservation cannot be changed or cancelled. After the payment has been made it is no longer possible to cancel the transaction and the reservation is non-refundable.
